

Md. Abuhorayra

EDUCATION

- 2017–2021 **BSc**, *East West University, Dhaka*, CGPA: 3.21/4.00.
Department: Computer Science and Engineering
- 2013–2015 **HSC**, *Govt. Yasin College, Faridpur*.
Group: Science

THESIS

- title *Encoder-Decoder Based Sequence-to-Sequence Model to perform POS Tagging for the Bangla Language*
- supervisors Jesan Ahammeds Ovi
- description We developed Encoderdecoder based sequencetosequence model to perform POS tagging for the Bangla language. We did an experiment with a Bengali corpus that contains 8806 words with their corresponding parts of speech tags and we achieved an accuracy 66.50% for our developed model.

PROJECTS

Content Management System (CMS) Website

- Used CORE PHP, MySQL, HTML, CSS, and Bootstrap in this project.

E-commerce Website

- Used Python(Django), HTML, CSS, and PostgreSQL in this project where customers can browse products and shop online.

Online food delivery System

- Database Systems project using Oracle Apex platform.

Nationality Prediction Using Machine Learning

- Used Naive Bayes and Neural Networks

Math Puzzle Using C++

- For solving this problem of Math Puzzle, I used the programming language C++

Resolving Overbooked Flight Using C++

- This project is a Stack and Queue-based mini-project and a part of the Flight Management System project.

TECHNICAL SKILLS

- Skills:** C, C++, PHP, HTML, CSS, Python, Django, SQL, MySQL, PL/SQL, Git.

House 32, Block F, Road 3, Banasree, Dhaka – 1219 – Bangladesh

📍 Horayra077 • Date of Birth: 01 January 1999

RESEARCH EXPERIENCE

- **The financial situation of small businesses near educational institutions during COVID-19 epidemic**
Md. Abuhorayra, Naeem Ul Hasan Chowdhury, Md. Sharif Mulla Mahin, Supervised by Mostofa Rafid Uddin.

EXTRA CURRICULAR ACTIVITIES

- Member of East West University Computer Programming Club (EWUCoPC).
- Member of East West University Science Club (EWUSC).

LANGUAGE

- Bangla
- English
